Sail from home shores or take to the skies

Start your holiday as soon as you step on board in Southampton or fly straight to your ship in the sunshine – it's up to you

Set sail from Southampton

The beauty of a cruise is the effortless travel. You hand your bags over at the terminal in Southampton, go through security and that's it, your holiday's begun. No lugging bags – they'll meet you at your cabin, leaving you free to start exploring the ship. Whether you decide to dip straight in the pool, sip a cocktail on deck or beeline for the ice-cream parlour, there are plenty of ways to celebrate the beginning of your adventure.

Don't love flying?

From Southampton, you can explore the cities of Europe, the capitals of Scandinavia, the Norwegian Fjords, the Canary Islands, the Mediterranean's coastlines, the Caribbean and North America – not to mention the myriad of stops on our World Cruises.

Pack every essential

An extra advantage is unlimited luggage. When you cruise from Southampton, you're free to bring as much as you'd like – although we do have laundry facilities on board too!

What do 'cruise in' and 'transit' mean?

When your itinerary shows 'Cruise in', these highlights are often magical moments that play a big part in your holiday. A day with a 'Cruise in' means you can watch the world go by as your ship silently slips through the still waters of the Norwegian Fjords. You may 'transit' the Panama Canal and in other iconic locations 'cruise by' or even 'sail by' or 'sail through': these are ideal times for you to have a drink in hand or be running on the treadmill with an extra-special view dreamily drifting by.

Cruise in the Norwegian Fjords

Fly-cruise holidays

A fly-cruise is a fast forward to the sunshine. From Barbados to Tenerife, Australia to Singapore, you can touch down in a range of places. We work with trusted flight partners, including TUI Airways, Virgin Atlantic, Jet2 and Norse Atlantic for a smooth travelling experience.

We make it simple

Your flights and transfers are included in your holiday price and we have representatives all set to welcome you at your destination airport.

We take care of your luggage

On P&O Cruises exclusive Caribbean charter flights, you can check your bags in at the airport and not have to think about them again – they'll meet you at your cabin on your ship. We take care of everything so that you can travel from plane to transfer to ship hands-free.

Regional flights

We know London isn't convenient for everyone, which is why we offer flights from airports around the UK on selected holidays.

You've all the time in the world

Holiday for longer to enjoy more of what you love

Sustainability at P&O Cruises

Taking steps to look after the world we love

At P&O Cruises, and with our parent company Carnival Corporation & plc, we're taking action to reduce our impact on the environment and invest in our communities and people to deliver positive change – not just for today, but for the long term. Our sustainability agenda aligns with elements of the United Nations Sustainable Development Goals and is built around five key focus areas.

Focused on the environment

Climate action

We support the adaptation of alternative fuels and are testing new low-carbon or zero-carbon emission technologies as they become available. We're also partnering with organisations and stakeholders to support our decarbonisation efforts and reduce overall consumption.

Circular economy

As the world shifts towards a circular economy model where materials flow around a 'closed loop' system, we're shifting how we work with our supply chain partners to reduce waste, consume less and manage waste on board.

Partnering with our destinations and communities

Sustainable tourism

As we travel the world, we have the privilege to explore so many cultures and environments. It's our collective responsibility to respect and help them maintain their culture, history and natural resources.

Biodiversity and conservation

Our efforts are focused on implementing best practices across our operations, investing in programs that support biodiversity conservation, working with our supply chain and partnering with the communities we visit to help maintain and improve their ecosystems.

Investing in people

Well-being, inclusion and belonging

Our success relies on the diverse perspectives, talent, passion and dedication of our global employee base, both on board our ships and shoreside. We strive to be the employer of choice by fostering a culture of inclusion and belonging, and providing a work environment

with opportunities for professional growth throughout each of their career paths. We're committed to expanding our well-being programme to support their physical and mental health, encourage social connectivity with family and friends and promote a balanced lifestyle.

Further information At P&O Cruises, and with our parent company Carnival Corporation & plc, we have established a number of 2030 sustainability goals and 2050 aspirations. For more information please visit: pocruises.com/sustainability and carnivalsustainability.com
